

Kinnera Memorial Child Care and Development Center

Kinnera Memorial Trust has started "Kinnera Memorial Child Care and Development Center" in Nadavathi village (which is 10 KM from ITPL in Bangalore) in Karnataka. We have identified 25 children of different age groups from 5 to 12 years who are going to local government school and all children are from BPL families.

Initial activity is to assist them with their homework, help them to improve their skills in Maths and English, provide nutritious food/snacks every day. And also monitor their health by organizing regular health checkups.

Kinnera Memorial Trust is working in collaboration with A. E. Foundation Bangalore to establish this center and to expand it's activities in future.
