## Established Haemophilia Care Center in Hyderabad

Kinnera Memorial Trust/Foundation (<http://kinneramemorialfoundation.org/>) and Children's Cancer Foundation (<http://ccfhyd.org/>) together have established Haemophilia Care center at Little Star's Children's Hospital, Punjagutta, Hyderabad . It is inaugurated yesterday, Sunday, 01 –Feb-15 by Dr. Prasad, Orthopedic Surgeon, Eluru. Hemophilia is a genetic bleeding disorder that prevents the blood from clotting normally. The main symptom for this disorder is uncontrolled, often spontaneous bleeding. Internal bleeding in the joints can result in pain and swelling. If left untreated, it can cause permanent damage to the affected parts.

This care center will provide below services.

- Identify individuals with hemophilia and other bleeding disorders.
- Provide free factor replacement and health care services for financially backward patients.
- Motivate the affected families for physiotherapy and dental care.
- Set up Comprehensive Physiotherapy Clinic in partnership with Dr. Pamela Narayan and Hemophilia Society, Hyderabad Chapter.
- Conduct awareness and multi-disciplinary clinics at Little Stars Children's Hospital and Lakshmi Neuro Centre, Hyderabad.
