ఉచిత వైద్య శిబిరం

తేది: 25 ఆగస్టు ఉ॥ 9.00 నుండి మ॥ 3.00 వరకు

శిఖరా స్కూల్, సి.ఆర్.లైబ్రరి దగ్గర, ప్రజాశక్తి నగర్, విజయవాడ

Organized a Health Camp for Comprehensive Health Checkup for children with Thalassemia Blood Disorder on 25-Aug-2019 on Kinnera's Birthday in Vijayawada. In addition to overall health checkup, dental, Vision check-up and BMI was done.

1. Investigations and General health check up by Dr. Sridevi, Mamata Foundation,
2. Distribution of required Medicines.
3. Eye (Vision) check up by MaxCure, Vijayawada
4. General check-up and growth monitoring by Dr. Sarita, Mohan Diabetes Specialities

80 patients utilized the services. Bloods were drawn annual Thalassemia check up free of cost . All children and parents had eye checkups. Few had refractive errors . They will be further evaluated. We are very happy to share that we now have a pediatric dentist in our team who readily agreed to treat Thalassemia children. All received 1 month course of supplements n iron chelators free of cost.
